Timeout

First On Error Alert:

The following URL is on Error:

URL: <http://www.denise.com>
IP Address: 208.21.142.9
Time: November 8, 2000 1:58:09 AM PST
Error Code: Socket Timeout

Please visit <http://www.internetseer.com/myinternetseer/index.jsp> for additional information on the error we have found in reaching your Web site and to get up-to-the-hour performance reports. Should you reach your Web page click the Refresh button as the Web page may be cached on your system.

If you are still able to reach the Web page on error, please note, that we are testing from Philadelphia, Pennsylvania, in the United States and have found an error in the path to your Web site. Your request to the Web site may take a different path that might bypass the error we detect. We will continue to monitor your web page until the error is resolved.

False Alarm Protection: After detecting the first error we will follow a quality assurance process to confirm our results. After confirming the Web site is on error we send the first Alert email.

Dear Kane,

Thank you for subscribing to InternetSeer's 24-7 remote Web site monitoring service. As we confirmed to you in a prior email, your registration became effective on September 06, 2000.

In addition to sending alert emails to you when your site goes down, we provide this weekly report detailing the performance of your Web site(s). We welcome your input in helping us provide you with the most useful information to help you manage your business online. Please send your ideas and suggestions to CustomerService@internetseer.com.

To make changes to your account, add additional URLs, contacts and email addresses, you can login at www.internetseer.com. To have us email your Password to you, visit www.internetseer.com/support/forgotpassword.jsp and enter your login name, kanebender and password.

Audience: People who registered a URL with Claymont.com

Congratulations. Your web site is registered

Congratulations! You have submitted your Web site to the Claymont.com search engine and Web site monitoring service. Your Web site has been registered.

1301

In order to ensure the integrity of our search results, Claymont.com remotely monitors every Web site that is registered at Claymont.com. This allows Claymont.com to keep its search results accurate by removing non-responding Web sites from its directory.

Claymont.com has joined with InternetSeer.com to conduct this ongoing monitoring. As part of this service, InternetSeer will monitor your Web site every hour, 24-7, and will notify you by email when your site is not responding. In addition, InternetSeer will send you weekly reports displaying the performance of your Web site over the previous week. There is NO CHARGE for this service.

1302

For your convenience, we have provided you with a login name and password that allows you to manage your account profile.

Your login Name: mark@minddrivers.com

Password is: 770odg94

URL being monitored: <http://www.claymont.com>

For more information on InternetSeer, please visit <http://www.internetseer.com> and for Claymont.com please visit <http://www.claymont.com>.
